

FAILED

TO END STREET CAR STRIKE LAST NIGHT

BUT ARBITRATORS ARE TRYING IT AGAIN TODAY.

MORE PROPERTY IS DESTROYED.

Mobs Wreck Cars and Cut Wires—Militia Became More Active—The Norfolk Strike.

Norfolk, Va., March 8.—After the failure last night to reach a decision on the part of the board of arbitration appointed to settle the street car strike which began a week ago, strike sympathizers again played havoc with the trolley wires, which were cut and burned out by expert electricians in twenty different places throughout the city. Several cars were derailed and practically wrecked by mobs in the suburbs. The arbitrators are in session again today trying to reach an agreement. The military is still in charge of affairs and some of the soldiers who have been on almost continuous duty for a week are worn completely out. The operations of the military became more active this morning, and an entire company was sent to guard the railway company's powerful electric plant which lies within a stone's throw of the Norfolk police station. Colonel Higgins, commanding the military, is now anticipating no possible settlement of the strike and preparations are in progress to keep the soldiers on duty through Sunday again.

Cuban Trouble.

Madrid, March 8.—The difficulties of the United States in Cuba with reference to the tariff and kindred questions are eagerly followed here. Several Spanish refugees from the island who are residing here, recently wrote to friends in Cuba urging them to start an agitation for the re-annexation of the island to Spain. One of these letters which was shown to your correspondent today concluded: "This would be a fitting climax, showing the Cuban's belief in the mother country's faithfulness and their realization of the bad faith of the interloping Americans."

ENGINEER DEAD

Fireman Led to Investigate When the Train Ran Two Miles Past Turning in Point.

Newburg, N. Y., March 8.—An Ontario and Western westbound coal train ran two miles north past Cornwall station late last night. Instead of turning in from the West Shore to the O. & W. tracks at Cornwall, as required by schedule. Investigation by the fireman and trainmen resulted in the finding of the engineer dead in the cab of the Mogul engine. His skull crushed in. The construction of the engine is such that the fireman worked out of sight of the engineer most of the time. It is supposed that the engineer while looking out of the cab window was struck on the head and killed by a rock falling from the mountain adjoining the track. Coroner Murtfeldt of this city is now investigating.

ON WILD RUN

Miss Foraker's Horse Went and the Senator's Daughter Had a Narrow Escape in Indiana.

Indianapolis, March 8.—Miss Ethel Foraker, daughter of United States Senator Foraker, of Ohio, had a thrilling experience at French Lick Springs with an unmanageable horse. She and Miss Katherine Maitland, of Michigan, were horseback riding, when the animal ridden by Miss Foraker became frightened at a piece of paper on the road, and taking the bit in his teeth, started on a wild run down the road, rearing and pitching from side to side, and several times nearly upsetting the young woman.

Finding that she could neither check nor control the animal, Miss Foraker dropped the reins and held firmly to

the horns of her saddle, while the animal ran furiously down the road.

Gerald Sewegenith, of Chicago was with the women and he and Miss Maitland followed as rapidly as possible, but Miss Foraker's horse came to a sudden turn in the road, and having too much headway to turn, he vaulted the fence, with the lady on his back carrying down the top rails with his hind feet.

Continuing across the open field he leaped a small brook and came down with such force in the soft earth of the opposite bank that his feet mired above the fetlocks, and Miss Foraker succeeded in holding him in check until her friends arrived, she never having left the saddle.

Miss Maitland was less fortunate, having been thrown as she sped after the runaway, but not seriously hurt. The distance covered was over three miles.

OFFER

SIX PER CENT INCREASE IN WEAVERS WAGES

BUT WORKMEN DEMAND MORE AND MAY STRIKE.

ANTHRACITE COAL AUTHORITIES

Say It May be Taken for Granted There Will be No Strike in the Anthracite Regions.

Fall River, Mass., March 8.—The Manufacturers' Association sent a letter to the Weavers' Union this morning denying the demand that operatives' wages be advanced ten per cent. by March 17. The manufacturers agreed to advance six per cent to go into effect April 7. The weavers are determined to secure a ten per cent advance and it is believed a strike will follow. It would render 25,000 operatives idle.

IN THE COAL FIELD.

New York, March 8.—The best authorities in the anthracite trade say today that no attention need be paid to the voluminous reports from the anthracite coal regions purporting to show that there is a prospect of serious differences between the managers of the anthracite coal properties and the miners. So far as anything can be considered certain that has not actually taken place these authorities say, it may be taken for granted that there will not be a strike in the anthracite regions.

PARTY DIVIDES

On Matter of Sugar Duties—Majority Oppose the President—Conferees Held on Cuba.

Washington, March 8.—The Republican party so far as the membership of the House is concerned is in an absolutely topsy-turvy condition on account of the efforts of the Administration to have something done for Cuba. It is divided into two factions, each of which holds meetings in different places and lays plans for defeating the other. The division, instead of lessening, is growing more pronounced.

The President, backed by the members of the Ways and Means Committee, leads one side in the fight, while Tawney of Minnesota, Mahon of Pennsylvania, Taylor of Ohio and Smith of Michigan, head the opposition. The so-called insurgents held a conference in Mr. Smith's committee room Friday and rejected all overtures looking for peace. These overtures consisted of an offer on the part of Mr. Dailzell to guarantee that if a reduction of 20 per cent were made no other requests of that nature would be preferred.

The other overture was made by General Grosvenor. It was a suggestion that a joint committee representing the two factions be appointed to devise a harmony plan.

EDWARD'S CORONATION.

Washington, March 8.—It is now stated that the President's daughter, Miss Alice, will not attend King Edward's coronation.

JOHN LINDSAY DEAD.

St. Louis, Mo., March 8.—Ex-Chief of the fire department John Lindsay died at his home this morning from dropsy.

WREATH

FROM PRINCE TODAY LAID ON GRANT'S TOMB.

HENRY KEPT WITHIN HOTEL ALL MORNING.

HE RESTED MOST OF THE DAY.

Violated the Will of Gen. Washington by Unwittingly Drawing Sword From Scabbard.

New York, March 8.—Prince Henry, entirely fagged out by his long journey and entertainment, did not leave his room at the Waldorf Astoria this morning. He will rest most of the day.

A beautiful wreath from Prince Henry was reverently laid on General Grant's sarcophagus this morning. The Prince's aide, Commander Von Egidy, carried the offering from the Waldorf out to the tomb on Riverside drive. His Royal Highness himself had intended to visit the last resting place of Grant for this purpose, but on account of his fatigued condition, his physician advised him to remain within doors during the morning. So the Prince sent his proxy. Commander Von Egidy received the wreath from the hands of his Prince at 9:30 today. A cab bore him to the tomb where he was at once admitted to the sarcophagus by the guards. The flowers will remain until they wither upon the granite slab as a fragrant token to the memory of a great soldier of a generation ago from the Admiral Prince of today.

This afternoon the Prince was entertained at luncheon by Mrs. Ogden Mills, the Prince being escorted to East 69th street by Cavalry. The decorations were fine. Madame Calve and others furnished music.

FLOWERS

To Form a Bower of Beauty for Prince on Ocean Liner—Nothing Like It Attempted.

New York, March 8.—Prince Henry's suite on the Deutschland will be a bower of American beauty roses from the time the ship leaves New York till she is docked on the other side. Thorley, a New York florist, has arranged for a man to accompany the ship and every day new flowers will be placed in the rooms occupied by the Prince. A model of the Meteor will adorn the dining table and will be renewed each day. At Plymouth the best efforts of Thorley will be put forth. All the 36 dining tables will be trimmed and the main saloon will be transformed into a floral bower in honor of Princess Irene who is expected to board the ship there to greet her husband.

At Cuxhaven, the florist will take the first tender ashore, board the imperial train and decorate for the journey to Berlin. Nothing of the kind has ever before been attempted on an ocean liner. The flowers will be kept in the ship's refrigerator and the stock will include 8,000 American beauty roses, 150 strings of smilax, 1000 lilies of the valley, 2,000 carnations, 1,000 Jacquemint roses and 200 orchids. The expenses will be borne by the Hamburg-American line.

PRINCE DIDN'T KNOW IT.

Albany, March 8.—The exhibition of the sword presented to General Washington by Frederick the Great, at the executive chamber, was attended by a peculiar incident. When the will of General Washington was read after his death it was found that he had willed his sword to his five nephews with the proviso "that they should not be drawn from their scabbards unless in defense of the country." The sword presented by Frederick the Great has been strictly kept in its scabbard in compliance with the will.

When it was handed to Prince Henry he drew the blade from the scabbard. Of course, he did not know of the provisions of the will, but he had, nevertheless, violated them. No mention of the occurrence was made to the Prince.

KAISER'S YACHT.

London, March 8.—The Kaiser has commissioned the Warings of London to furnish and decorate his new schooner yacht Meteor III, recently launched in the United States.

PROPPED

Against a Tree Was the Corpse of a Pretty Girl—Animals Ate the Flesh Away.

Richmond, Va., March 8.—After being missing from her home since shortly after Christmas the body of Miss Louise Wise, a beautiful girl of 19, was found in the woods in the County Farguer, by a negro. The body was propped against a tree in a lonesome spot. There was a pistol wound under the left eye and also a severe fracture of the forehead. Parts of the limbs had been eaten away by wild animals.

There were evidences of a severe struggle and assault was indicated by parts of the clothing being torn away. The coroner's jury found that death came by violence at the hands of a party unknown, and that in its belief a criminal assault had been committed.

MORGAN BUYS

Finest Collection of Oriental Porcelains in the World and Keeps Collection in America.

New York, March 8.—J. P. Morgan has purchased the Garland collection of Oriental porcelains, the finest collection in the world which has been on exhibition at the Metropolitan museum of art here for many years. Yesterday it was announced that a London dealer has purchased the collection from the Garland estate for \$600,000 and would take it to Europe. Mr. Morgan decided that the collection should remain in America. What he paid is not known but it is supposed that he gave considerably more than the amount paid by the London dealers.

WORKINGMEN

Eat Too Much, Says Judge Baldwin, and He Says They Save Too Little.

Hartford, Conn., March 8.—In an address here last night Judge S. E. Baldwin, professor in the Yale law school, said American workingmen eat too much and save too little of their earnings. He said that a single workman earning \$1.50 a day should save 25 cents of that amount and should never marry until he had accumulated \$100 in reserve for an emergency.

BIRTHDAY PARTY

Given by the Home and Foreign Missionary Society of First Presbyterian Church Thursday.

The birthday party given by the Home and Foreign Missionary society at the First Presbyterian church Thursday night, was a success in every particular. During the social hour and while refreshments were being served, Miss Lumley sang. Mrs. Hawley played several piano solos and Miss Louanna Taylor entertained with several whistling solos.

The decorations were an attractive feature. The "Corner in India" furnished by Mr. and Mrs. Edward Bates and presided over by them, assisted by two young Indian maidens in native dress, was interesting. In another corner were flags of the different missionary countries, and above them the motto: "Christ for the World—The World for Christ." Above the screen were the words: "Read more. Think more. Plan more. Pray more. Give more." The birthday offering amounted to \$104.16.

The program of the evening follows: Organ Voluntary—Miss Ickes. Doxology—Choir and Congregation. Scripture Lesson—Miss Lillian Garber. Anthem—Choir.

Prayer—Miss Lumley. Lord's Prayer—Choir. Address of Welcome—Miss Bertha Latimer.

Solo—Mrs. East. Announcement.

Recitation, She Forgot—Grace Marie Boyce.

Birthday Offering. Prayer for Blessing—Rev. L. S. Boyce.

Hymn. Stereopticon view on India by Mr. Boyce with explanation and reading by Miss Minnie Hughes, followed by music.

DEAD

NUMBER FIFTEEN, INJURED TWENTY-EIGHT.

FURTHER DETAILS OF HORRIBLE WRECK IN TEXAS.

THE COACHES QUICKLY BURNED

As They Were Piled Up Behind Engine—The Dead and Injured—The Story of the Wreck.

San Antonio, Tex., March 8.—From the latest account received from the frightful wreck on the Southern Pacific near Sanderson, 15 were killed outright and 28 were injured.

The Dead.

Three children of Mart Riddle, of Chetopa, Kas.; Chris Keel, contractor, San Antonio, Tex.; Estavon Contreras, Del Rio, Tex.; Andrew C. Shelly, wife and child, Lohor, Tex.; Child of D. E. Housen, Racine, Wis.; Mr. and Mrs. White, Manitowish, Wis.; Engineer Al Mast, El Paso, Tex.; Fireman H. Bertscholst, El Paso, Tex.; L. A. Joene, a news agent, Doyline, La.; W. W. Price engineer, San Antonio, Tex.

The Injured.

Mrs. Mary Koehler, San Francisco, internal injuries; A. S. Turner, Black Hawk, Miss., hand crushed; Mrs. E. M. Sheppard, Glenn Mills, Pa., head hurt; J. Fuller, Washington, D. C., leg and foot crushed; Antonio El Rio, Del Rio, Tex., internal injuries; George Ollenburg, Lexington, Ky., hand crushed; E. C. Baker, Angleton, Tex., bruised; C. H. Hoy, San Antonio, Tex., both feet scalded; A. E. Massey, Wilby, Tex., scalp wound; J. I. Taylor, Mulberry, Kas., head injured; Mrs. Mitchell, Philadelphia, hurt internally; W. P. Adams, express messenger, internal injuries and badly scalded; Craig Battleman, North Dakota, head and back hurt; Biscoe Rodriguez, Del Rio, Tex., bruised; Lulons Morales, Del Rio, Tex., slightly bruised; Antonio, Donul, Del Rio, Tex., bruised; M. Lobert, residence unknown, head hurt; D. P. Havens, El Paso, Tex., bruised; A. E. McKenzie, Safford, Ariz., slightly injured; R. J. Todd, Frankfort, Ky., bruised; Thomas O. Crowder, Houston, Tex., bruised; Wm. Josephs, San Jose, Cal., back injured; J. H. Taylor, Birmingham, Ala., slightly hurt; Hugh Mills, Chetopa, Kas., slightly injured; Dr. G. C. Martin, Pecos City, Tex., slightly injured; C. M. Bennett, St. Paul, Kas., bruised; W. S. Glenn, Black Hawk, Miss., leg broken; Mrs. Annie Wortherst, San Francisco, Cal., leg and hand crushed.

The ill fated train left San Antonio at noon Thursday two and a half hours late and at the time of the accident was running at a high rate of speed in order to make up time. The road at the point where the wreck occurred is in a rough country, the curves being sharp and the grades heavy. It was when rounding a curve that the train left the track. It is said on account of a broken rail.

The hour was 3 a. m. fifteen hours after the train had left San Antonio, showing that it was still behind time. All the passengers were asleep and the shock that followed was the first intimation they had of the danger.

The train was going at such a rate of speed that the tender and engine landed 75 feet from where they left the tracks. The cars behind piled up against the engine caught fire and all were consumed except the sleepers.

A private car owned by Thomas Ryan, of Bay City, Mich., with his family aboard was attached to the rear of the train, but it was pulled away before the fire reached it and no one in it was injured.

All the injured in the coaches just behind the express and baggage cars were cremated. The people in the sleepers were saved with the assistance of the uninjured passengers.

The wrecked train was the Galveston, Harrisburg and San Antonio coast bound passenger and consisted of an engine, mail car, baggage car, one coach, one chair car, one coach, three tourist sleepers and one private car.

all off the rails and were soon consumed by the flames.

So soon as it was possible to get in communication with the division head quarters relief trains with surgeons and physicians were started from El Paso, Del Rio and Sanderson, picking up along the line all the surgeons that could be found.

All the injured who were in a condition to be moved were sent to El Paso where they are receiving attention.

Rebellion Spreads.

Hong Kong, March 8.—The Kwang Si rebellion is spreading. The Triads, members of a secret society, have joined the rebels, who are looting and burning villages. At Kai-Chow the garrison was overpowered and the prisoners released.

CLAIMS

TO HAVE INTERCEPTED AN "AIRGRAM"

A WIRELESS TELEGRAPH OPERATOR DECLARES

THAT MARCONI'S ASSERTION

That Such Messages are Private is Proved to be Incorrect—Mr. Hepworth's Story.

New York, March 8.—Mr. Hepworth, the operator of wireless telegraphy on the Cunarder Lucania, which arrived today, tried for two days to reach the overdue Etruria, but was unsuccessful. Hepworth claims to have intercepted messages off Nantucket lightship thus disproving Marconi's assertion that a wireless message was private. Hepworth says he sent a message to the lightship and a few minutes later tape began recording a message being sent from the lightship to land. He says he noticed that a name in the dispatch was misspelled and he brook in with the correction. The lightship answered and the correction was made.

BANK ROBBED

Burglars Blew Safe at Colliersville, Tenn., This Morning and Got \$15,000.

Memphis, Tenn., March 8.—The bank of Colliersville, Tenn., was blown by burglars this morning. Fifteen thousand dollars was secured.

FIRST SHOT

War Between Americans and Filipinos Fired by the Former Says General Hughes.

Washington, March 8.—In the course of his cross examination today by Senator Patterson, General Hughes said that on February 4, 1899, when the fighting between Filipinos and Americans began the Americans fired the first shot. Hughes said when fighting the Filipinos he felt as if he were fighting women, as they do not know how to fight.

MARCONI IN CANADA.

New York, March 8.—Signor Marconi will leave for Montreal today to perfect arrangements with the Canadian government for a signal station at Cape Breton.

The Thon a Suit.

A Chicago dispatch says Mrs. Ad Blandy Thomas, formerly of Newark, has filed an amendment to her cross bill in the divorce suit brought against her by her husband, Harold E. Thomas. She names May Arden and Blanche Mayers as co-respondents. She alleges that her husband frequented a saloon at Madison street and Fifth avenue with two women.

St. Johns, N. F., March 8.—About 100 seal fishermen struck today. I feared the strike will tie up the sealers the better part of the season.

TEARS

FLOWED FROM THE MOTHERS' EYES

AS WAYWARD GIRLS ARRIVED FROM NEWARK.

THEY MAY RUN AWAY AGAIN.

Ryland Girl Laughed and Told Her Mother That Crying Would Not Help Matters.

Mansfield, O., March 8.—A pathetic scene was enacted at police headquarters here yesterday afternoon, when Nora Ryland and Goldie Bechtel, the 15 year old girls who were arrested in Newark met with their mothers.

The Advocate correspondent was present at the meeting.

Both women cried as if their hearts would break, but the mothers' grief did not seem to affect the Ryland girl, who laughed and said: "It don't do any good to cry. That don't help matters any."

Chief Well overheard the girls say that they would run away again and would go so far that the police would not find them so easily. This was said in the train en route to Mansfield.

Mayor T. R. Robinson told the girls that he had a notion to send them to the Industrial school, but finally, on account of the tearful pleadings of their mothers, the girls were allowed to go home with them.

The Mayor warned them: "If you ever run away again and are brought back, you will go to the workhouse, sure."

The mothers of the girls are both respectable, hardworking women, employed in local restaurants.

It is said that Dr. Pretty Eagle, the Indian Doctor now in Newark, was here the first of the week remaining a day, but the doctor's explanation of the affair was satisfactory to the officers.

RHODES SERIOUSLY ILL.

London, March 8.—Telegrams received here from Cape Town, represent the condition of Cecil Rhodes as most grave. He is suffering it is said from Angina pectoris; his heart is enlarged and is encroaching on the lung space.

PREPARES BILL

Knox Completes Paper Book in Merger Suit—Minnesota Official Seeks Extreme Measures.

Washington, March 8.—Attorney General Knox Friday afternoon completed the preparation of the petition to dissolve the merger of the Northern Pacific and Great Northern railroad companies. The paper book has about 25 pages. The plans now are for the petition to be filed next week in the United States Circuit Court at St. Paul. It is taken for granted that an effort will be made to expedite the trial of the case, so that it may reach the Supreme Court as quickly as possible.

The allegation is that the merger is a violation of the Sherman anti-trust law. In support of this the charter of the Securities Company will be made to exhibit. The trial of the case will ring together some brilliant legal minds. The Securities Company will be represented by William D. Guthrie of New York, John G. Johnson of Philadelphia and the general counsel of the railroad companies.

Mr. Guthrie is the man who represented those who fought the income tax and Mr. Johnson is the man who once declined the cabinet portfolio now held by Mr. Knox. The latter has offered the Attorney Generalship during the late President's first term, but he declined it. Later a tender was made to Mr. Johnson, and he also found it impossible to accept the trust.

ETRURIA NOT HEARD FROM.

New York, March 8.—The steamer Etruria has not yet arrived at the zone. The Cunard officials here announced this morning. They say she is all right and that she is likely to be heard from at any time.

The hands of a clock are always on the front, and still they may be behind time.

Extravagant Statements are Not Arguments.

It is a little singular if The American Tribune wants a fair discussion of the water works question, that it should resort to methods to frighten the people and thus prevent fair discussion.—The Advocate.

If a fair and candid statement of the existing condition of affairs in Newark should have the effect of "frightening the people," as intimated above, then it is time indeed for the people to become awakened to the needs of the city. If the water works ordinance is all right and the water works at this time a necessity, no danger of its defeat can arise by letting the taxpayers know of the pressing needs of the city. On the other hand, if there is a scheme in the proposed ordinance, then there cause for the projectors to be alarmed when The American Tribune throws the calcium light of publicity upon the scheme and lets the public have an opportunity to investigate for itself all the twists and turns in the subject.—The American Tribune.

But there is no scheme in evidence except that of the American Tribune to misrepresent the water works issue and frighten people on purely unfounded assertion. It would be immensely more creditable to that paper if it would discuss municipal ownership of water works on the question's own merits instead of traducing our popular and growing city on all occasions, which can have no other effect than to discredit Newark abroad.

The truth is there is not a city in Ohio today of the size of Newark that is in better financial condition or that has better improvements, excepting only in the matter of water works ownership.

Sewers, of course, are needed from time to time under a regularly planned system, but the completion of such a system is not an immediate demand. There is no need of any immediate expenditure of \$150,000 as the American Tribune asserted. The city civil engineer states specifically that it is not necessary to build such a system all at one time. The city may be ten years completing it. Therefore the American Tribune resorts to misrepresentation to frighten the people and prevent a fair discussion of the water works question, which has nothing whatever to do with any sewers that may be necessary to build during the next ten years.

The real question is very plain. Shall the city become the owner of water works or shall it enter into another rental contract with the water works company, and there will be no more nor no less expenditure for sewers, whichever way this question is decided.

There is no justification whatever for attempting to frighten the people by falsehood. Whether the city shall own its water works, or whether a private company shall own the system and furnish water to the city and individual consumers, is purely an economic question, and if discussed on decent and intelligent lines, fair-minded people are much more liable to arrive at just and wise conclusions.

Extravagant statements in the spirit of malice are not arguments, and the Advocate takes pride in its freedom from such methods.

The Spanish claims commission hearing and adjusting claims against Spain by American citizens, in a well-reasoned decision rejects the claim for money damages to officers and seamen for deaths and injuries received in the destruction of the Maine. Any one killed or injured by the explosion, the commission decides, has no individual claim against Spain. They can look only to the United States Government. Claims to the amount of \$5,000,000 are rejected by this decision.

NO POLITICS

In the Action Taken by the City Council in the Water Works Proceedings.

In order that the people may not be misled by the efforts of the American Tribune to misrepresent the water works question by dragging politics into the issue we give the following, copied from the journal of the Council proceedings:

Council Proceedings, July 15, 1901.

A RESOLUTION.
Whereas, on the 4th day of May, 1901, the franchise of the Newark Water Works Company will expire, and whereas this city should be ready at said time to make such arrangements as are proper for its water supply from that time, and whereas it is the sense of this Council that a proposition that this city erect, own and maintain its own water works system, should be presented to the citizens of the city to be voted on by them; therefore, be it

Resolved, by the City Council of the City of Newark, Ohio, that the finance committee and water works committee of said Council be empowered and instructed to engage the services of a competent hydraulic engineer, at a price to be agreed upon by said committee, for the purpose of preparing proper plans, profiles and specifications of such water works system, that the cost thereof, and all other proper and necessary information may be submitted to the citizens of this city before said election if held.

Adopted by the following vote:
Yeas:—Brand, Deardurff, Evans, Fromholtz, Jones, Lamb, Linn, Matticks, Miller, Phillips, Rossel, Smith, Specs, Steffee, 14.

This was the unanimous vote of all present—10 Democrats and 4 Republicans.

Council Proceedings, Nov. 18, 1901.
To the Honorable City Council of Newark, Ohio:

Gentlemen:—The Water Works Committee desires to report that pursuant to a resolution of this Council, L. E. Chapin, a hydraulic engineer, has been engaged to prepare plans, specifications, profiles estimates of cost, etc., for a water works system for this city. Your committee has contracted to pay Twelve Hundred Dollars (\$1,200). Signed,

Dan L. Jones, G. H. Fromholtz, J. P. Lamb, Geo. L. Smith, W. E. Miller, Louis Specs, D. W. Matticks, Amos Shaw

On motion said report was received and ordered spread on the Journal by the following vote:
Yeas—Deardurff, Fromholtz, Jones, Lamb, Matticks, Phillips, Rossel, Shaw, Specs, Smith, 10

Again a unanimous vote—8 Democrats and 2 Republicans.

There was no thought of politics being dragged into the water works question when the original action was taken by the Council.

Neither has the Council been hasty in the matter for it began to take action as early as last July, as is shown by the date above, when the original resolution was passed.

CURIOUS DEVELOPMENTS IN IMPERIAL DIPLOMACY.

(The Chicago Public.)

It is hard to believe that the "understanding between statesmen," to which the British minister, Mr. Chamberlain, referred a year or so ago, has gone so far as Secretary Hay implied when refusing to ask for passports for Mr. and Mrs. Thomas to enable them to succor the reconcentrated prisoners in South Africa. A committee organized by Gov. Yates of Illinois, had raised funds for the relief of these helpless noncombatant prisoners, and in order to secure its fair distribution, had asked the Rev. Hiram W. Thomas, a well-loved clergyman of Chicago, and his wife, to go to the South African camps and superintend the distributing work. Mr. and Mrs. Thomas consented. But passports from the British government being necessary, Secretary Hay was duly requested to apply for them to the British ambassador, Lord Pauncefote. Mr. Hay refused to do so, citing as his reasons that President Roosevelt would object. To such a laudable application it would seem that the British government itself should have been left to make the objection. Neither Mr. Roosevelt nor Mr. Hay was required to act as a "buffer." But our government, evidently, wished to avoid placing the tiny government of Great Britain in

REDISTRICTING PROBLEM

Still Troubling the Republican Leaders in the Legislature—Granges Being Heard From—Joint Session to Consider the Canal Question Next Wednesday.

Columbus, March 5.—Congressman Bob Nevin is ready to take oath on a stack of Bibles that Hanna and Dick are not opposed to changing the boundaries of the Third and Twelfth congressional districts. Senator Patterson of Pike county, author of the bill leaving all the districts as they now are, is equally emphatic in the assertion that the boss and his man Friday are bitterly opposed to any changes whatever. You pay your money a take your choice, leaving it to your judgment as to which of these astute gentlemen is telling the truth.

The most probable fact in connection with the real redistricting situation is that Hanna and Dick, having been deserted by George B. Cox in this matter, are preparing a safe place to fall on. They are as much opposed now as they have been at any time to changes whatever in the congressional districts; but, seeing that they cannot hold down both the Foraker and Coxmen, together with some of their own lieutenants who favor changing the Third and Twelfth districts for selfish reasons, they are ready to accept the inevitable. Any departure from the Patterson bill will be a defeat to Hanna, but the big boss has become accustomed to this sort of thing recently and is learning now how to take it gracefully. Hanna and Dick have been sower in this matter than their opponents. They realize that to perpetrate any further injustice in congressional representation upon the people of Ohio will be an act too grossly indecent to escape public condemnation.

The Republicans of this state now have only a majority of about 10 per cent. of the voters, but they have a majority of about 90 per cent. of its congressmen. This would seem to be a state of affairs rank enough to suit the most hoggish disposition, and Hanna and Dick are wise in foreseeing the consequence of a redistricting process that would make it any worse. Their opponents, however, are not satisfied if for no other reason than that they delight to humiliate Hanna, and so, in all probability, the Third and Twelfth districts will be changed.

It is now proposed to erect a separate district out of Franklin county alone and the Republicans are consoling themselves with the thought that this will make it "safe." A close examination of this theory, however, shows it to be decidedly treacherous. When the Democracy of this county is united it is by no means assuredly Republican. The city of Columbus, has had a Democratic mayor four-fifths of the time in the past twenty-five years. The county officers during the same period have been as a rule held by Democrats. Colonel Kilbourne, candidate for Governor, carried the county by a large plurality last fall and Judge DeWitt C. Badger did the

same thing two years ago as a candidate for supreme court justice, notwithstanding the head of the Democratic ticket was defeated in the county. It is true that Democratic representatives in congress have of late years been elected to congress from this district solely by the aid of Democratic Fairfield county, but in every one of these elections it has been notorious that the Democracy of Franklin county was not united. In former years this was not true of Franklin county and in those years there was always an even chance of Democratic success in Franklin on the congressional ticket. It does not appear, therefore, that eliminating Fairfield from this district will necessarily make it Republican. The Democrats would infinitely prefer this change to one ringing Delaware or Madison county into the district. The new Twelfth may yet be heard from to the encouragement of Democrats throughout the state, notwithstanding the Republican elusion that it cannot be shaken by a Democratic earthquake.

Members of the general assembly are receiving letters from granges all over the state urging them to work and vote to prevent any change in the present Ohio oleomargarine law, any change in the game law, any change in the present Rawlins' law for the taxation of finished goods in hands of manufacturers and to put Ohio on record as avowing a direct vote for United States senators. The grange is making an organized effort for these things.

The proposition to abandon the canals and state reservoirs of Ohio will receive what promises to be a fatal blow at the joint session of the house and senate on Wednesday, when arguments will be heard for and against it. The proceeding is somewhat unusual—this inviting the citizens of a whole state to appear before both houses of its legislature in joint session and the result is not likely to promote the idea of abandonment. The opposition to this course has gained tremendously since it was first suggested. Chairman Lewis H. Hosea of the committee having the arrangements of the joint session in charge, will receive the name of any citizen who desires to be heard on this question and place him in his proper order among those who will appear at Tuesday's session. All the chairman wants to know is the individual's name and which side of the controversy he favors. The indications are that the oratory will have to be cut off unceremoniously, or more than one day given up to the hearing. It is not at all likely that the present legislature will assume the responsibility of abandoning the canals. A compromise will probably be effected by the appointment of a commission to investigate the whole subject and report to the next general assembly.

new pipes would produce more or less inconvenience; but we would still like to know whether on this account the American Tribune wants to keep the city at the mercy of the present water works company so that we will be compelled to pay them whatever they wish to charge for water or to buy them at their own price.

If the American Tribune will express its mind on this point in clear-cut words and figures, we will at least understand the meaning and purport of its rampancy utterances.

Must Wear Shoes in Chair Cars.

Railway passengers who remove their shoes to ease their feet in an all-night journey are not permitted to occupy seats in a chair car, says the Chicago Tribune.

The porter who finds a man sitting in his stocking feet gently orders him to put on his shoes, or go into the smoking compartment.

This rule is now in force on the Omaha line of the Illinois Central, and was quite recently enforced on an Iowa stockman, who was an extensive shipper of live stock over the Central's western lines. The passenger murmured, appealed to the conductor and was promptly ruled against by that official. Other Chicago roads are no less particular in this respect, and still others will probably adopt the rule.

It has long since been the custom of many passengers, who are obliged to sit in a seat for many hours to remove their footwear. Some are pinched with tight-fitting shoes. Others have corns and bunions, while the pedal extremities of still others are wont to swell to about twice their natural size, and thus make hours of misery for their owners.

Sleeping car passengers have no trouble of this kind. The man, however, who curls himself up in a coach seat, or stretches out in a reclining chair wants to ease his feet before he closes his eyes, even before the conductor has taken his ticket.

Here is where most of the trouble comes in. After a man has settled himself for a season of slumber, there is no telling what he will do with his heels. The most natural act is to elevate them and to allow them to settle on the head rest of the chair immediately in front. If that seat happens to be occupied then there is trouble. The passenger who suddenly awakens to find 40 square inches of a fat, wool-covered foot scraping his face is liable to raise objections, even if he does not do more.

The railway people have found out that the class of people that they carry in chair cars and high backed coach seats will not put up with this custom, and they are moving to stop it. The edict has gone forth that there is no objection to a passenger changing his footwear to something more comfortable. He may ride in slippers if he chooses, but passengers in socks are not permitted to offend the sight or nostrils of the other passengers.

It is claimed that now and then a man is found who emulates the former habit of Jerry Simpson, so that, on taking off his raw hides, there is nothing left on his feet not given by Dame Nature.

It is claimed that this practice must go with other objectionable features of railway traveling. Passengers are not permitted to carry into tourist cars anything that offends sight or smell. Limburger cheese and loud-smelling sausage are barred. They must be left behind, or a passenger is refused entrance to a car.

It requires a smart man or woman to smuggle a cat or dog into the cars of finer trains or nowadays. It is attempted every day, but seldom escapes detection. The animal is hustled into the baggage car, and it is not an unusual sight to see a woman make frequent trips the length of the train to ruthlessly taken from her.

Mrs. Black was assisted by Mrs. Harry Hoover, Mrs. Gillette, and Mrs. Funk of Lincoln, Nebraska, each with a chafing dish. They prepared chicken terrapin in a large enough quantity to serve a large number of the guests. The guests entertained were the Review club.

On Wednesday afternoon the Progressive club held its annual business meeting at the home of Mrs. Frank Chase. There was no literary program, the afternoon being devoted to the election of officers with the following result:

President, Miss Gertrude Sook.

First Vice President, Mrs. William Zentmeyer.

Second Vice President, Mrs. Charles Smith.

Recording Secretary, Mrs. Stratton.

PHYSICIANS' EXPERIENCE

Some Experiments Made by Noted Physicians Regarding Foods.

Physicians have demonstrated the fact that it is not necessary to drug their patients in order that they may be well and strong. Nature will keep the body in a healthy condition if her laws are not disobeyed and the proper nourishment is supplied. Food to the body is as oil and fuel to the engine. Without these the machinery will not run. The body requires proper food, and with it, all the organs do their work as nature intended. Without the requisite nourishment, the human machinery clogs, and an unhealthy state of the body is the result.

Nearly every family has some cereal food at the morning meal, but few indeed see that it is properly cooked. In most cases, the oatmeal is boiled for a few minutes, and then served. Here lies the trouble! Oatmeal and all cereal foods should be cooked five hours; when undercooked, they form a sticky, starchy mass in the stomach not only unduly taxing the digestive organs but retarding the digestion of other foods. Wheat contains all the elements of nutrition necessary for human system, but it must be properly prepared.

One of the most palatable and nutritious of foods that can be served at a meal is Malt-Nut. It is a combination of malted grains and the emulsified oil of nuts.

By a new process the grains are taken through the first and hardest stages of digestion and the addition of the oil of nuts in an emulsified, or pre-digested form makes it a fat and tissue builder, with a rich nutty flavor and four times the food elements of beef.

It's a delicious, dainty and nutritious combination and when once served to the family becomes a daily addition to the meal. Leading grocers sell it.

Charles Hempsted, a former well known resident of this city, and Henry Dostwick of Newark, are here today to attend the funeral of Greenbury F. Wilcoxson—Friday's Coshington Age.

Mrs. Catherine Winthrope of Topeka, Kansas, arrived here Friday night to make an extended visit with her brother, Mr. Jehiel Tedrick. Mrs. Winthrope formerly resided in Hebron this county, but for many years has been making her home in Topeka. One of the first things that she asked for after her arrival here was the old family Bible, which belonged to her mother, Mrs. Neoma Tedrick. Mr. Tedrick had no knowledge of the existence of the Bible, but his daughter, Miss Alice, soon found it in an old bureau. In looking through the book Mr. Tedrick found an old Presidential ticket with the names of Polk for President and George M. Dallas for Vice President, at the head of it. He also found in the book an old Advocate of the date of May 15, 1852, which contained among other things, the announcement that Hon. S. S. Cox would speak in Newark on Saturday, May 22.

In the Courts.

John F. Flanagan by his attorneys, Daugherty and Kibler, has filed a petition in the Common Pleas Court asking that the Newark Natural Gas and Fuel Company be restrained from turning off the gas in his bakery on North Fourth street. A temporary injunction was granted by Judge Seward.

MANY RELIABLE WITNESSES

Prove That Old Cases of Chronic Catarrh can be Cured.

A Medicine That Will Cure Cases of Catarrh of Long Standing Deserves a Very High Place in the Annals of Medical Discovery.

Such a Medicine is Peruna.

THOUSANDS of testimonials are pouring in every day of old cases of chronic catarrh that have resisted all treatment for years, being promptly and permanently cured by Peruna.

These reports do not all come from obscure places, signed by obscure people. A large proportion of these letters are written by men and women prominent in business and professional circles and many of them well known from ocean to ocean.

Colonel John Franklin Waters occupies a prominent position among the leading trial lawyers of Chicago. He has probably obtained more verdicts against corporations in suits for personal injuries than any man of his age in the United States, and during his practice of over fifteen years he has not lost a single case in the Supreme Courts of Illinois and Missouri. He is a hard worker and has the energy of four men. For a number of years he had been afflicted with chronic catarrh and having recently been thoroughly cured of his old affection, an interview was obtained with him by one of our reporters in which he gave the following statement to the public:

CHICAGO, ILL., Aug. 6, 1900.

The Peruna Medicine Co., Columbus, O.

Gentlemen—"It gives me great pleasure to testify to the merits of such a worthy remedy for catarrh as your Peruna. I had suffered for a number of years from this very disagreeable disease and had tried many so-called remedies, but until I used Peruna none had the desired effect. I feel that I am perfectly cured and can cheerfully recommend Peruna to any one suffering from catarrh."

JOHN F. WATERS,

120 E. Randolph St., Chicago, Ill.

Another case equally well-known in Chicago, is reported through a letter from a veteran Railroad man.

COLONEL JOHN FRANKLIN WATERS, OF CHICAGO.

Captain John H. Lyons, of Chicago.

passenger agent for various railroad companies for the past twenty-four years, connected with the Postoffice Department for six years, the Police Department for six years, and at present connected with the Grand Trunk railroad, had a similar case. He is a veteran soldier and a prominent member of G. A. R. Camp No. 102. Captain John H. Lyons, 1612 Prairie Ave., Chicago, Ill., writes: "For twenty years I suffered with chronic catarrh but thanks to Peruna I am now entirely cured. "It affords me much pleasure to make a statement in behalf of your meritorious remedy, Peruna. I have used same for catarrh and have found it to be all you claim for it. I had suffered for twenty years. I cheerfully recommend Peruna to anyone suffering from catarrh, as I believe that, as in my case, it will prove a sure cure."—Captain John H. Lyons. These meetings are well attended and it is hoped that there will be a goodly number present on next Tuesday afternoon at 2:30 at the First M. E. church.

MR. BAKER'S STATEMENT.

James Baker of Granville, was in Newark Friday afternoon and when seen in reference to the trouble he had at Gregory's recently with Samuel Everett said that the cause of the trouble had been misrepresented. He said he had no trouble over a road tax receipt but that it had resulted from talking about a coming election. Baker also denied that he had struck Everett with a stone.

PARDON SOUGHT

By Gray, New Teaching school in the Ohio Pen—Granville Postoffice Robbery.

An application for a pardon was received yesterday by United States District Attorney W. E. Bundy from Chas. Gray, a prisoner in the Ohio penitentiary. Gray, which is an assumed name, was sent up in 1899 for five years for complicity with James Considine and W. Proctor in the robbery of the Granville, Ohio postoffice in 1896. Considine it will be remembered, after repeated efforts to secure a new trial, failed, and was sent up a few weeks ago to begin serving his term of five years. Imposed by the court Gray is only 25 years of age but is unusually bright and has for some time been a teacher in the school at the penitentiary. The superintendent of the school wrote Colonel Bundy a letter in behalf of Gray. "The latter gives as one reason he should be pardoned is that he was not quite 20 years of age when the burglary was committed. As he has served three years out of the five it is probable that Colonel Bundy will recommend that his request be granted." Cincinnati Enquirer

A KING REBUKED BY A MINISTER.

London, March 8.—There was a striking scene in the city temple when, during the course of his sermon, the Rev. Joseph Parker, D. D., the minister, administered a pointed rebuke to King Edward, which was loudly applauded by the congregation. Having alluded to public houses as "trapdoors of hell," Dr. Parker referred to the king's recent brewing of beer while visiting Lord Burton. "Pray for me," said the divine, "that I may speak delicately, loyally. If the king brews beer, what can be wrong in the subject drinking it? What the king does is likely to be imitated by others. His majesty is more than a man and must regard all questions from a kingly point of view. If the king goes to a Sunday concert, as he did recently, he deals a deadly blow to the Englishman's Sunday. The king cannot attend a non-conformist place of worship, but he can go to a Sunday concert."

This remark called forth cries of "Shame," and Dr. Parker continued: "If the king, who is the head of the church and defender of the faith can violate the English Sunday, what can the people but follow in his steps? I would rather give a great sum in gold than appear to be disloyal, but I cannot be disloyal to Christ, and it is better that these things should be said."

LIFE GUARDS.

The Life Guards are two regiments of cavalry forming part of the British household troops. They are gallant soldiers, and every loyal British heart is proud of them. Not only the king's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, diseases, find allies in the very elements, as colds, influenza, catarrh, the grip and pneumonia do in the stormy month of March. The best way that we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions, and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong.

The Police Court.

May Miller was arrested Friday night for keeping a house of ill-fame and Lillian Coleman, Agnes Hathaway, May Blake, Mary Bashing, Sis Hopkins, Allie Mann and Emma Coyne were arrested for being inmates. The police also took down a "bunch" of men for visiting the house. They gave the names of John Adams, Joe Ash, Frank Shultie, Daniel Powell, Wm. Jackson, C. M. Charles, and Fred Senal.

Wm. Gray was arrested by Officer Kennedy for drunkenness. Bill Schrumm was arrested by night turnkey Sasser for drunkenness.

The Liverpool Town Hall clock was stopped during the recent storm in England owing to its works having frozen.

Orders have been placed in the United States for all the machinery and woodwork for an immense brewery to be established at Cape Town.

REV. L. S. BOYCE.

Dear Sir:

We presume that like most members of your learned profession, the duties of which demand a more or less sedentary life, you know what it is to suffer from an inactive or torpid liver with the kidney disturbances which accompany that condition. This being so, are you aware that many clergymen have found that the only prompt and sure cure for these troubles is Dr. David Kennedy's Favorite Remedy?—that it has stood the test for thirty-five years of constant use with a record of cures innumerable?—that its efficiency has never been approached by any other medicine in existence—and that no physician on earth can prescribe any medicine or combination of drugs, half as efficacious, absolutely safe and prompt in its action as Dr. David Kennedy's Favorite Remedy?

In a letter recently received from the Rev. Aaron Coons, D. D., pastor of the Methodist Episcopal Church, Rhinecliff, N. Y., he says:

"I most sincerely believe that Dr. David Kennedy's Favorite Remedy is the best Kidney, Liver and Blood medicine made, and urgently recommend it for I know by experience it will do all that is claimed for it."

Now, if you or any of your friends need such a medicine, you can find it on sale at any reliable drug store at one dollar for a large size bottle, or we will be pleased to send you by mail absolutely free enough for trial.

Yours truly,
DR. DAVID KENNEDY Corporation,
Rondont, N. Y.

HARRISON'S CAMPAIGN

Copy of Newark Paper Which Tells of the Ohio Whig Convention in 1836.

(Columbus Dispatch.) A valuable relic is at this time being displayed by Mary E. Shook of 49 Hunt avenue, in the shape of a copy of the Newark Gazette of date of February 29, 1836.

Almost the entire issue is given up to the support of William Henry Harrison, Whig candidate for president, and the report of the Ohio Whig convention, held at Columbus about a week prior to the date of the issue. The gubernatorial candidate was General Joseph Vance. The entire list of representation, by counties, is given, and Franklin county had 204 delegates as against 8 to 20 for more distant counties. This excessive representation for Franklin is evidently accounted for from the fact that railroad facilities to the capital city were not as good as at the present time, and traveling was more expensive.

The convention was held in the old theatre on West Main street, but later the sessions adjourned to the public square on account of the inadequacy of the building to accommodate the people. The senatorial elector chosen for Franklin county was Joseph Ridgway, Sr.

One of the delegates from Licking county and a vice president of the state organization was Daniel Griffith who afterwards served through the civil war and received an injury which resulted in the total loss of his mind. He is at present a patient at the state hospital here.

CARD OF THANKS.

Miss Nettie Asmus, daughter of the late John Asmus, desires to thank the Odd Fellows of the city and also Mr. and Mrs. J. Biederman, for their kindness during the sickness and death of her father.

The London County Council has recently given the theaters considerable attention. It is now asked to extend its supervision to minor halls and chapels, which are often crammed to suffocation, and whose means of exit are lamentably deficient. Some of these have only one exit and take at least 10 minutes to empty when people are going out in the ordinary way.

UTICA EXCHANGE

Judge Critchfield Beginning Active Work on His Telephone Plant at Utica, This County.

(Utica News-Herald)

Judge B. M. Critchfield was in the city yesterday looking for a room in which to place his telephone exchange. The judge will put his exchange here in spite of a few things that have been said recently to the contrary and he won't have to have permission from the Mt. Vernon company, either. When the exchange is completed Utica can boast of one of the best systems in Ohio, for the judge never does anything half way. An expert was here yesterday afternoon and began laying out the town preparatory to placing the poles, etc. The judge has 170 'phones on his exchange at Johnstown now and is putting new ones in every day. The work of placing poles and stringing wire will be commenced as soon as possible and the exchange will be pushed to completion in a short time thereafter. The Utica exchange, like Judge Critchfield's plants at Johnstown, Sunbury, and Croton, will be connected with the independent exchange at Newark.

PERIODS OF PAIN.

Miss Gertrude Williams, Chaplain of Woman's Christian Association of Detroit, and Two Other Women,

Tell How Lydia E. Pinkham's Vegetable Compound Cures Periodic Suffering.

While no woman is entirely free from periodical suffering, it does not seem to have been the plan of nature that woman should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science. It relieves the condition which produces so much discomfort and robs menstruation of its terrors.

MISS GERTRUDE WILLIAMS.

"DEAR MRS. PINKHAM:—and dear friend, for such your medicine has proved to me; a friend in need is a friend indeed. For several years I suffered from Menorrhagia, or profuse and painful menstruation, until my vitality was well nigh gone, and as a last resort I took six bottles of Lydia E. Pinkham's Vegetable Compound and was restored to health, to the surprise of my friends, and I now sing its praises. Gratefully yours, Miss GERTRUDE WILLIAMS, 75 Columbia St., West Detroit, Mich."

Two More Sufferers Relieved.

"DEAR MRS. PINKHAM:—I had been a sufferer of suppression of the menses from girlhood, always appearing after time and causing great pain compelling me to keep my bed. I tried a number of doctors but without relief. Having read so many testimonials about the good Lydia E. Pinkham's Vegetable Compound had done, I decided to try it. After using only one bottle I felt much better. I continued its use and the health and strength that I have today I feel I owe to you."—Mrs. CHAS. B. GILL, 1012 Winter St., Philadelphia, Pa.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published without obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

LODGE NEWS

Odd Fellows.

In the Odd Fellows' Home of Connecticut are twelve elderly brothers, averaging in age 70 years, the oldest being 82 and the youngest 41. The Home is conducted in an economical business-like way, and is a credit to the jurisdiction and a benediction to the brothers in distress.

Jordan Encampment of Pennsylvania has a membership of 177, and, notwithstanding that it pays continuous sick benefits, has an invested fund of over \$12,000.

Sister Lulu J. Cumbea, President of the Rebekah Assembly of Georgia, says the following: "These facts show that woman's admission into the work has not caused her to be less faithful to home and home duties, but she has learned that she can, and that it is her duty to reach beyond the walls of her home to comfort the sorrowing and relieve the distressed. Her love for humanity grows wider and deeper as she participates in the social features of the Order. She dreads failure. How earnestly she strives; the best that is in her exerts itself to make success sure. So we find that her admission into the work has made the Order stronger and woman better. The Sovereign Grand Lodge has restricted our right to pay benefits, but we can do just as much good in donations and ministering to the needy and giving consolation to the sick and afflicted and in living the beautiful lessons we learn in our lodge-room, outside its walls, as well as inside."

About thirty-five Odd Fellows, their wives and members of the Rebekah society of this place, assembled at the home of H. A. Bishop where his grandfather, Wm. Bishop, had called to spend the day, last Saturday to celebrate the latter's 88th birthday anniversary. Well filled baskets were brought along and at noon hour a most bountiful dinner was served, to the pleasure of the guests. Wm. Bishop is the oldest member at present of Johnstown Lodge, No. 422, I. O. O. F., although he has not been affiliated with the society as many years as have H. S. Beidler and J. W. Wolfe of Johnstown, and Geo. W. Foulk of Thurston, who were charter members at the institution of the order on June 23, 1869. Brother Bishop has however been a member about 30 years. Saturday's event was a happy surprise to the honored Bro. and although uninformed as to the preparations yet he retained his self possession and entered into the features of the day with as much interest and spirit as any of his younger brethren. He was presented with a handsome couch by the members and also received a number of other presents. We are glad to learn of "Uncle Billy" having a good time and we assure him all wish he may live the remaining 17 years and complete a full round century at any rate.—Johnstown Independent.

Masonic.

The Pataskala F. & A. M. fraternity enjoyed some social amenities along with degree work performed Tuesday evening. One candidate was advanced to the Fellow Craft while one was raised to the Master Mason degree. District Lecturer A. F. Crayton, of Newark, was present, and in his remarks at the close of the ceremony, complimented the team work of the lodge, while his instruction was to the point and heartily appreciated. Refreshments were served and a splendid time was enjoyed.—Pataskala Standard.

HOPSTETTER'S
To strengthen your stomach it is impossible to find a better medicine than the HOPSTETTER'S. It makes the digestion normal, builds the nerve tissue and tones up the entire system. Try it for Belching, Flatulency, Dyspepsia and Insomnia.

March, April, May

There is a best time for doing everything—that is, a time when a thing can be done to the best advantage, most easily and most effectively. Now is the best time for purifying your blood. Why? Because your system is now trying to purify it—you know this by the pimples and other eruptions that have come on your face and body.

Hood's Sarsaparilla and Pills

Are the medicines to take—they do the work thoroughly and agreeably and never fail to do it.

Hood's are the medicines you have always heard recommended.

"I cannot recommend Hood's Sarsaparilla too highly as a blood medicine. When we take it in the spring we feel better through the summer." Mrs. S. H. New, McCray, Pa.

Hood's Sarsaparilla promises to cure and keeps the promise.

at a stated assembly on Wednesday evening conferred the degrees on three candidates.

St. Luke's Commanery, No. 34, K. T., held a special meeting for practice on Tuesday evening. There was a good attendance of the members, and another special meeting will be held on next Tuesday evening.

Red Men.

Minneawa Tribe, No. 52, I. O. O. R. M., met in their hall on Friday night in regular session with a large attendance.

Brother John Moser's smiling face was missed from the Wigwam, he being unable to follow the hunt.

Those who were in attendance at the district meeting held in Columbus last Saturday night, reported that the meeting was a grand success and that more than 500 Indians were in the hall. Twenty-five of the members of Minneawa Tribe of this city were in attendance.

Brother Thomas Getter of Zanesville was in the city on Thursday making arrangements to buy hay.

The Haymakers are getting ready to go to Zanesville in a short time to make hay. All members of St. Perkins' famous band will take notice and get their instruments in shape, for they will make music while we make hay.

Knights of Pythias.

At stated assembly of Licking Co. No. 121, U. R. K. of P., last night the company was inspected by Capt. A. J. Crilly, after which he installed the following officers for the ensuing year:

Captain, Charles W. Miller.
First Lieut., W. D. Cunningham.
Second Lieut., W. E. Fulton.
Recorder, E. H. Franklin.
Treasurer, T. V. Rutledge.
Guard, W. A. Tanner.
Sentinel, G. M. Roley.

The company has made a good showing both financially and in growth for the past year, and its prospects were never more encouraging. The members of the Lodge of Newark and Licking county should send in their applications and get in line for California in August.

Roland Lodge No. 305 K. of P. will confer the Knight rank on two candidates on next Wednesday night. It is expected that there will be a large attendance of members.

The regular meeting of Newark Lodge, No. 12, K. P., was held on Thursday evening. There was a good attendance of the members, and the Page rank was conferred on one candidate, in addition to the other business of importance that was transacted.

The Alexandria correspondent of Johnstown Independent says: "About one half of the resident members of Alexandria Lodge, K. of P., attended the District Pythian Convention at Newark on Thursday afternoon and evening and much enjoyed the addresses on the practical principles of Pythianism and the excellent work of the teams in the Knight rank. Of course when there comes a contest between any other lodge and White Cross, the Alexandria Lodge 'lights out' St. George and White Cross wins. Congratulations to the Newark brothers for their knightly entertainment."

Independent Order Foresters.

The next regular meeting of Court Licking No. 1 will be held on Monday evening March 10th. A large attendance is expected as there are four candidates to be initiated, also other business to be acted on.

Brother L. J. and wife wish to thank the Brother Foresters for the kindness to them during the death of their family.

Court Licking is having quite a

boom in applications for membership. Keep the good work up Brothers, nothing succeeds like success.

Union Painters.

An important meeting of the Union Painters of the city will be held at the hall on the south side of the square on Tuesday evening, March 11, at which time the scale of wages will be taken up and the bylaws will be adopted. Those not having March working cards will do well to secure the same. No cards, no work. All members are requested to be present. By order of Local 365.

D. O. K. K.

Kootah Temple No. 101, D. O. K. K., will have its regular monthly session on Tuesday evening, March 11 at that time arrangements for the next ceremonial and for a social session will be made.

American Protective Union.

Newark Council No. 1 held its regular meeting on last Tuesday night at K. P. Hall Ankele building. Thirty new members were initiated and 15 applications received. The Baby Council of this city is enjoying a healthy and steady growth, and all the members are very enthusiastic and are determined to initiate at every meeting until the Roll of Honor is reached. This Order has made a reputation for itself and the progress it has made already is evidence of the future success. It has the most attractive features of any order in this country, and has the confidence of all, by the manner the business is conducted. Every legitimate claim receives prompt attention and benefits are paid immediately which is very much appreciated by the members. John Dial is much improved and we hope to have him around shortly. The Ladies' Auxiliary Council will be organized on Friday, March 14, at which time an election of officers will take place. All examined candidates are requested to be present at 7:30 p. m. at K. P. hall in the Ankele building.

Royal Neighbors.

The Royal Neighbors gave a farewell reception to Dr. and Mrs. W. S. Taylor at their hall on Saturday evening. Mrs. Taylor is a charter member, an earnest worker in this lodge and the Doctor is also a prominent member in the twin organization of The Modern Woodmen. About sixty of the sisters with their husbands were present and a royal evening such as the Royal Neighbors usually have was greatly enjoyed.—Alexandria cor. Johnstown Independent.

Essenic Order.

The regular assembly of Newark Senate No. 36, Knights of the Ancient Essenic Order, was held on Friday night. There was a good attendance of the members and an enthusiastic meeting was held. The first degree was conferred on one candidate, and another candidate will be initiated at the next meeting. Owing to the lateness of the hour the reading of the papers by Judge E. M. P. Brister on "The Resurrection," and O. C. Larason on "Immortality," was deferred until the next regular meeting.

Modern Woodmen.

Cedar Camp, No. 4227 Modern Woodmen of America, met with V. C. O. B. Young Wednesday night and following named candidates were initiated: L. W. Bodle, T. J. Kelly, Harry Davis, C. P. Coyne, George Hart and G. H. Smart. Cedar Camp is becoming a very lively place, and it is a poor meeting when there are less than seventy-five to one hundred members present.

Cedar Camp is working on another one of those popular open meetings, and will spring it before long.

Last Monday evening while the chips were flying from Woodmen logs and the campfire burned brightly in the Forest, Johnstown camp conferred the "protection" degree upon one candidate. After a few remarks by the members, the camp proceeded to do justice to the refreshments served by Sovereign Peace and as the campfire burned away and the members emitted their glow the camp disbanded to meet again at the Grange Hall next Monday evening at 7 o'clock at which time all the members are urged to be present, as there will be a great surprise in store for them. Your Blood Is Poor and Thin, Your Nerves Weak, You Are Run Down in Health.

Take Dr. Greene's Nervura, Best of All Spring Medicines, Most Wonderful Restorative and Strengthening Known to Science--Makes Pure Blood, Strong Nerves, Vigorous Bodies.

Spring finds you with thin, poor, impoverished blood, weak, relaxed, and unstrung nerves. You are without your usual strength, energy, and vim; you feel that you are out of order, without being exactly sick. The cold wind seems to blow clear through you, a storm chills your marrow, and you perhaps have rheumatism, neuralgia, biliousness, or kidney disease because of your disordered condition. You must take the best medicine to give you renewed strength and vitality, the best blood purifier and purifier, the best nerve strengthener and invigorator. Dr. Greene's Nervura blood and nerve remedy is the best medicine in the world to do all this. It purifies and enriches the blood, feeds, strengthens, and invigorates the nerves--in fact, it makes the weak strong, the sick well, and will cure your stomach trouble, your biliousness, your kidney trouble, rheumatism, or neuralgia.

Take Dr. Greene's Nervura blood and nerve remedy now for your spring medicine. This grand remedy has the confidence of the people as no other remedy has, because it is the prescription of a regular physician, Dr. Greene, 101 Fifth Avenue, New York City, who has the largest practice and makes the most cures of any physician in the world, and who can be consulted without charge by anybody, personally, or by writing about your case.

IN COLORED SOCIETY.

A most delightful birthday surprise party was given Carl D. Guy Tuesday evening, March 4, by the members of the O. N. G. club, and their invited guests, at the Guy residence 210 Buckingham street. Those present were Misses Alma Norman, Viola Johnson, Loretta Davis, Bessie Thomas, Grace Rossin, Gussie and Ida Walker, and Dora Guy. Messrs. Homer and Charles Johnson of Granville, Harry Rossin, Carl Green, Henry Coleman, Jay Cunningham, Clifford Lawson, Ralph Clyde Riggs and Carl Guy.

Thursday, March 6, was the birthday anniversary of F. B. Ransom. He had forgotten all about the fact, but his wife had not, and she planned a surprise at their home 258 North Fourth street, which proved a complete success. The evening was pleasantly spent in music, cards, and social chat. All present enjoyed a very sumptuous supper. Those present were Mr. and Mrs. F. B. Norman, Mr. and Mrs. W. Green, Mrs. Roster and daughter Gertrude, Mrs. Carrie Washington, Miss Hattie Cooper, Misses Besse and Edna Norman, Mrs. Laura Ransom, Mr. Robert Anderson, Mr. Lansing Suter, Mrs. Ed Ransom, Mr. John Uphregrave and Mr. R. McCord. Mr. Ransom was the recipient of quite a number of useful and beautiful presents in addition to a complete surprise. The guests departed at a late hour, wishing Mr. and Mrs. Ransom many such happy events.

RAILWAY AFFAIRS.

T. J. ENGLISH'S SUCCESSOR IS NAMED AT PITTSBURG.

S. P. Hutchinson, a Pennsy Man, Gets Mr. English's Place—Local and General Railway News.

Baltimore, March 8.—S. P. Hutchinson has been appointed superintendent of the Pittsburg division of the B. & O. railroad, vice T. J. English whose resignation was announced Thursday. Mr. English went to Pittsburg from Newark.

Mr. Hutchinson entered the service of the Pennsylvania railroad in the engineering department in the early '80's. He served in the construction department, and later in the maintenance of way department, as assistant supervisor, superintendent and division engineer. He was later appointed superintendent of the Lecestown division, and assistant general agent at New York for the Pennsylvania railroad, acting as general agent during the serious illness of O. J. Geet. For the last year he has been vice president and general manager of the El Paso & Southeastern railroad. A. G. Norton has been made division engineer of the Wheeling division of the B. & O. with headquarters at Wheeling, W. Va.

B. & O. Medical Examiner.

The office of Dr. C. S. Priest, the B. & O. medical examiner at this point, under the new arrangement, will be open every morning from 8 to 12 o'clock, and at no other times, except by appointment.

Local Railway Notes.

Brakeman W. A. Reel has been marked up for duty after having been off for a few days on account of sickness.

A. W. Motz' Death.

The sad news was received here of the death of Rev. A. W. Motz, a well known resident of Newark, which occurred at Worthington, Ind., on Friday night at 6 o'clock, after an illness of some time. Mr. Motz had been visiting relatives in Worthington and vicinity ever since last fall. The deceased was an old soldier of the war of the rebellion. At the breaking out of the war he enlisted in the First Heavy Ind. Art. Co. C., Captain Eliza Rose, and served gallantly through the war. Besides his wife seven children, three sons and four daughters, survive him.

The remains will arrive here on Sunday night and will be taken to Irville on Monday, where the funeral services will be held in the Methodist Episcopal church of that place at 2 o'clock in the afternoon. The interment will be made in the Irville cemetery.

Official figures show that 16,173 British subjects were residing in Germany when the last census of that country was taken.

PRETTY EAGLE

INDIAN DOCTOR LEFT THE CITY FRIDAY NIGHT.

Notoriety in Connection With Mansfield Girls' Episode Caused Him to go to Columbus.

The "Pretty Eagle" has soared away, and another chapter in the story of the "Runaway Girls From Mansfield" is closed. He left Friday night, telling the lady, Mrs. John Thompson, of 125 Elm street, that the notoriety in connection with the Dechitel and Ryland girls, would ruin his business here, and he would go to Columbus. He squared his account with Mrs. Thompson and left the house at 6 o'clock Friday evening, taking his wife with him.

An interesting special dispatch to the Advocate on the arrival of the girls in Mansfield, appears on the first page of this paper.

Another and more sensational chapter may have to be written before "Fins" can be put to the story.

SHEER MATERIALS.

These Are the Tule For House and Evening Gowns.

Tucks, cordings and gauzings are so popular on evening gowns that satin is rather out of favor, since it is only the limp, soft fabrics which admit of this treatment. The silk and wool crapes comes under this description and is quite inexpensive. Eolienne is soft, artistic and, like all the crape goods, dyed

HOUSE GOWN.

In soft pastel tones. Lace is the chief trimming employed on house and evening gowns, but tucks and silk strapings are general.

All semitransparent or clear materials are made quite distinct from the skirt or foundation, and in place of the darts on the hips there are groups of tucks. This same finish is employed at the back.

Mousseline brillante, which is one of the new materials, is a slightly thicker type of chiffon, with a glistening surface and quite ideal for ruffles, frills or trimmings, but it is not sufficiently soft and limp for draperies or gowns.

A very pretty model for a house gown is shown in the sketch. It is made of soft Persian silk and dotted mull. The waist has a Louis XV. effect, which is also carried out in the form of a long panel reaching to the bottom of the skirt in the back. The sleeves reach only to the elbow, where they terminate in two narrow cuffs and a fall of rich lace. The dress is made in one piece and gives the effect of a full mull underrobe with a Louis XV. upper garment belted over it. The belt is composed of two narrow velvet ribbons. Two ruffles of lace finish the bottom of the mull underrobe.

SOCIETY NEWS OF THE WEEK

Miss Maud Hollar of Tenth street, entertained Friday evening.

Mrs. Frank Kennedy held her receptions on Thursday and Friday at the home of her mother, Mrs. Grace Fleck.

Mrs. Beatty on North Fourth street, entertains this evening with a tea party, in honor of her sister, Mrs. Foster, who is visiting her.

On Monday evening Miss Maggie Arentsburg entertained a number of friends in honor of her sister, Mrs. E. G. Fay of Allegheny, Pa. The evening was pleasantly spent with games.

Today closes the exhibition of original photographs of figures and landscapes, by Mr. Clarence H. White which has been given in the Art Galleries of the Pratt Institute, Brooklyn, New York. The exhibition has been open about five weeks.

Mr. and Mrs. Charles Leigh entertained very charmingly at their cozy home on North Fifth street, in honor of Misses Cora Shaffer, Carrie Meyer, Dollie Fulton and Ida Nethers. The evening's entertainment was progressive pedro. Miss Ida Nethers won first prize, and Miss Dollie Fulton carried away the consolation prize. An elegant course supper was served.

A very pleasant birthday surprise was given Mr. C. J. Colony on Wednesday afternoon at his home, 158 Elm street. Quite a number of his relatives and friends were present, including Mr. R. H. Spiker and Miss McConnell of Vanatta, Mr. and Mrs. Wm. Fleming and Mrs. Bertha Fleming of Welsh Hills. A fine dinner was served and all present spent a delightful afternoon.

Among the social events of the week was a surprise party given in honor of Mrs. Fairall at her home on Chestnut street on Saturday evening, March 1st. The evening was spent in games and music. Those present were: Mr. and Mrs. Edwin Varner, Mr. and Mrs. Sherman Reid, Mr. and Mrs. Charles Adams, Mr. and Mrs. Wm. Bliss, Mr. and Mrs. Harvey Conger, Miss Mary Weaver, Mr. Silas Porter, Mr. and Mrs. P. J. Fairall and son, Lorain.

On last Saturday evening Miss Grace Platto entertained a number of her young friends at her home on Western avenue in honor of her fifteenth birthday. Miss Grace was assisted in receiving her guests by Miss Eleanor Brooks of Zanesville. Various games were indulged in, at the conclusion of which prizes were awarded Miss Annie Mehl and Lawrence Beecher, while the consolations went to Miss Olive Lake and Ralph Roedel. Music and the serving of refreshments completed the enjoyment of the evening. The out-of-town guests were Miss Eleanor Brooks of Zanesville, and Fred Howell of Granville.

Miss Della Day entertained last Saturday evening at her home in West Newark with a "kitchen shower," in honor of Miss Carrie Burk, who has gone to the South to live at Nashville, Tenn. Music was furnished throughout the evening by Misses Doomy and Shirer. Games were part of the evening's pleasure, the first prize being won by Miss Nell. Miss Day was assisted by Misses Maude and Helen Ingman and Miss Ada Day. Miss Burk was the recipient of many beautiful and useful presents. Those present were:

SCROFULA.

"Scattered consumption" is a good way of describing this disease. It is in fact a real consumption of the little glands under the skin.

Scott's Emulsion cures it. Scott's Emulsion is good for all kinds of consumption but especially good for scrofula.

It heals the sores—but doesn't stop there for the weakness and loss of flesh is the worst part of scrofula.

Scott's Emulsion feeds and strengthens scrofulous children.

A CAUSE OF HEADACHE

One Very Common Cause, Generally Over-Looked.

Headache is a symptom, an indication of derangement or disease in some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom; derangement of the

stomach and liver, heart trouble, kidney disease, lung trouble, eye strain or ill fitting glasses, all produce headaches, and if we could always locate the organ which is at fault the cure of obstinate headaches would be a much simpler matter.

However, for that form of headache called frontal headache, pain back of the eyes and in forehead, the cause is now known to be catarrh of the head and throat, when the headache is located in back of head and neck it is often caused from catarrh of the stomach or liver.

At any rate catarrh is the most common cause of such headaches and the cure of the catarrh causes a prompt disappearance of the headaches.

There is at present no treatment for catarrh so convenient and effective as Stuart's Catarrh Tablets, a new internal remedy in tablet form, composed of antiseptics like eucalyptol, guaiacal and blood root which act upon the blood and cause the elimination of the catarrhal poison from the system through the natural channels.

Miss Cora Ainsley, a prominent school teacher in one of our normal schools, speaks of her experience with catarrhal headaches and endorses Stuart's Catarrh Tablets as a cure for them. She says: "I suffered daily from severe frontal headaches and pain in and back of the eyes, at times so intensely as to incapacitate me in my daily duties. I had suffered from catarrh, more or less for years, but never thought it was the cause of my headaches, but finally became convinced that such was the cause because the headaches were always worse whenever I had a cold or fresh attack of catarrh.

"Stuart's Catarrh Tablets were highly recommended to me as a safe and pleasant catarrh cure, and after using a few fifty-cent boxes which I procured from my druggist I was surprised and delighted to find that both the catarrh and headaches had gone for good."

Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, under the guarantee of the proprietors that they contain absolutely no cocaine (found in so many cheap catarrh cures), no opium (so common in cheap cough cures), nor any harmful drug. They contain simply the wholesome antiseptics necessary to destroy and drive from the system the germs of catarrhal disease.

 Its the Evidence of Newark People Published in Newark Papers that Has Made Such a Reputation for Dr. A. W. Chase's Nerve Pills.

Standing clear and distinct, marking the difference, the superior merit, the adaptability to present day ailments is the volume of local testimony for Dr. A. W. Chase's Nerve Pills. Its so different to the ordinary remedies referring to cures made at distant points which it is hard to verify. There is a reason for Dr. A. W. Chase's Nerve Pills commanding home evidence wherever they are known—it is their wonderful influence in bringing up the standard of Nerve Force.

Mrs. L. DeVine of No. 152 Locust street, Newark, Ohio, says:—I was greatly troubled with nervousness—could not sleep and was generally run down. I was advised to take Dr. A. W. Chase's Nerve Pills and got a box at Bricker's City Drug Store and found them an excellent medicine and I can recommend them to others as safe and sure."

AMUSEMENTS.

"Prince Otto" at the Auditorium next week. It is a new dramatization of Robert Louis Stevenson's famous novel "Prince Otto." The story is one that has been read all over the world, and our literary critics pronounce it a gem of the hour. The play was made famous by Otis Skinner, and is one that has never been presented by any company at popular prices, as the wardrobe is an expense few cheap companies care to invest in, and the production of the play requires a large and capable cast. Manager Roskam announces this play as a feature of the engagement and is desirous of presenting it before the better class of our citizens. It is a play of beauty and sentiment, and is a production that will not please the rabble or lower class, but to the intelligent it is one of the most interesting and entrancing plays the stage has ever offered. Monday is ladies' free night. Prices 10, 20 and 30 cents, reserved seats now being on sale.

What remains for her will never be told in that "laughiest" of all farcical comedies, "The Girl from Chilly," which will be presented in this city in the near future by Marie Lamour and Frederic Murphy and they wonder if "The matches that are the result of love must be the product of a trust."

Enroute to Porto Rico.

James L. Starkey, who has resigned as Auditor of Muskingum county, as a result of the sensational breach of promise suit, in which he was defendant, was in Newark last Tuesday evening, as has been published in the Advocate. He met several friends here, and told them he was going to Columbus. He took a Pan Handle train for New York however, and it is now known he is en route to Porto Rico.

CHANGE OF VENUE.

Bellefontaine, O., March 6.—A turn of the most surprising nature was taken last night at an evening session of the Common Pleas Court in the case of Robert Young, a wealthy Columbus wholesale liquor dealer charged with subornation of perjury, when a change of venue to Union county was granted. Judge Young of Marion granted the change of venue after 11 jurors had been secured and a fourth special venire had been exhausted.

Attacked by a Heron. A veteran Philadelphia sportsman tells of an attack once made upon him by a wounded heron. He says: "I was a boy then and went down to a creek that flowed through my father's farm to watch for a mink. It was early in the evening, and a blue heron came and sat within tempting gunshot. I knew it would spoil my chances at mink to shoot the bird, and I didn't mean to do it, but, kidlike, I raised the gun and took aim, just to see how I could kill it if I would. I lowered the gun and then raised it again. Every time I raised it I would touch the trigger gently. After awhile I touched it too hard, the gun went off, and I started toward the heron, which was wounded.

"I thought it would be a good scheme to catch the bird and started to do so, when its bill shot out like a sledge hammer and struck me between the eyes. When I came to my senses, it was dark, and it was several minutes longer before I could remember where I was or what had happened. A little harder and the bird would have killed me. I shudder even yet when I think what would have been the result if the bill had struck one of my eyes."

Remarkable Boy Inventor. Mr. Marconi, the man who has excited so much wonder throughout the world by his invention of wireless telegraphy, had thought over the idea when he was a schoolboy at Leghorn. The greatest of the world's electricians had not even thought of such a thing at that time. Yet Mr. Marconi before he was twenty years of age had solved the most difficult problem that has ever troubled men's minds.

The Dawn of Day. Over the hilltop, far away, Mervin rose the sun; The squirrel bounded along the spruce, And one by one The birds of the forest that all night long In silent slumber lay Woke with a beautiful wave of song To greet the day. Out of the fields of daisies white, See, see the children run Their hearts are gay and their eyes are bright. As all must be that take delight In the morning sun, And those who love the early ray Are capital friends through all the day. Then up and out; away we run To say "Good morning" to the sun. Then up and out and away To greet the day. With cheerful hearts and merry lay To greet the day. —Cassell's Little Folks.

SPANISH WAR

Soldiers Soon to Get Installment of
Extra Pay—Tolford Succeeds.
Those Who Get It.

(Columbus Dispatch.)

All the soldiers of the Ohio Volun-
teer service in the Spanish-American
war, will soon receive installments of
additional pay. Some time ago it was
found that owing to the difference of
rate of pay in the state and federal
service, there was a considerable bal-
ance due the Ohio troops and Colonel
Tolford who is the state claim agent
agreed to take up the state claim of
getting it. It is no part of his work
and so he made private arrangement
with the colonels of the regiments for
his commission. Colonel Coit said,
speaking of the matter Friday, that he
had probably exceeded his authority
in making the arrangement with Col-
onel Tolford as to commission, but it
was simply impossible for him to com-
municate with the 1,300 men of his
command in regard to it. Inasmuch as
it was like finding money to the men
anyhow he did not think there would
be any objection to paying the small
part of the commission that would
have to be taken from each man's al-
lowance.

Each man who entered the service
from the O. N. G. ranks will be en-
titled to about \$6 extra pay, but none who
were called out and did for any reason
enter the federal volunteer ser-
vice will be entitled to this money. Of-
ficers will get more of course, in pro-
portion to rate of pay. Colonel Coit
said his additional pay would be about
\$110. It is the second installment of
extra pay that he has received since
he was mustered out, the first being
\$150.

HYDROPHOBIA

CAUSED DEATH OF HORSE IN DR.
PRIEST'S STABLE.

Animal Had Been Bitten Few Days
Ago by a Dog With Rabies—Suf-
fered Terribly.

About three weeks ago a shepherd
dog belonging to Mr. Charles Guiden-
berg of Franklin's Addition, developed
hydrophobia and in one of his fits, bit
Mr. Guidenberg's bay family horse,
which was standing in the stable.

The dog bit the horse on the end of
the nose or muzzle, and was soon af-
terwards killed.

The first part of this week the
horse showed signs of rabies, and the
symptoms developed rapidly. He was
taken to the veterinary hospital of Dr.
F. Priest, on South Fifth street, where
he was put in a box stall. The rabies
became more pronounced, and the
spasms and convulsions caused the
poor animal to rear and plunge, froth-
ing at the mouth and tearing the man-
ger and anything that he could get
hold of, with his teeth. This continued
all day Friday, and at midnight the an-
imal died in fearful agony.

It is said that at present there is a
dog in Franklin's addition suffering
with hydrophobia.

DANCING CLUB—A new dancing
club has been formed in the neigh-
borhood of Jackson town, which
gave its initial dance on Tuesday
evening. There was an immense
crowd of people in attendance, and
the splendid music for the occasion
was furnished by the Eureka orchestra
of this place. Every one present had
a delightful time and the event was
classed to be the best that was ever
held in that place. The club will be
named hereafter in a voting contest.

OPENING

Recital at First Methodist Church on
Next Friday, March 14.—New
Organ Now in Church.

The auditorium of the First M. E.
church has recently undergone exten-
sive repairs. The walls have been re-
coated and a new steel ceiling and oth-
er repairs and embellishments added.
A modern pipe organ of wide range
and with all the improvements known
to pipe organ construction has been se-
cured. The opening recital on this ex-
cellent instrument will be given Fri-
day evening, March 14. Prof. William
A. Carl who is director of music and
organist of the "Old First" Presbyter-
ian church of New York City, has been
secured for that occasion. Prof. Carl
is director of the Guilman Organ
school of New York and chairman of
the membership committee of the
Guild of American Organists. His
more important musical compositions
are thirty postludes for the organ. He
is editor of "Masterpieces for the Or-
gan." He has made a concert tour of
the United States and has appeared in
concert at the Pan-American, World's
Fair, Edinburgh International Ex-
position, Nashville Exposition, Crystal
Palace and New York Symphony Or-
chestra and has given eighty-two con-
certs in the "Old First" Presbyterian
church of New York.

Professor Carl will be ably assisted
by Mr. and Mrs. A. Sharpe of Colum-
bus.

SMART LONG COATS.

Japanese and Chinese Effects Pre-
vail—White Cloaks.

Most of the new cloaks show dis-
tinctly Japanese effects. They are very
loosely fitted and have very wide cuffs
and long revers extending down the
entire length of the front. Many of
them are made of white silk or woolen
material. There is something particu-

larly attractive about white cloth
wraps, because they do duty for smart
afternoon as well as evening wear.
Some of them have lace instead of fur
collars, which makes it possible for
them to be worn later on.

Narrow black velvet ribbons form a
most chic trimming for these automo-
bile coats, as they are mis-called. Bands
of Persian embroidery, figured white
silk and lace are also considered smart.
The most fashionable collar is a mix-
ture of the aiglon and the flare and is
worn open at the throat, with a fluffy
lace jabot.

Coats of black peau de soie and heavy
ribbed bengaline will be found very
useful for these limited incomes.

An automobile coat is the subject of
the sketch. It is made of white covert
coating and is trimmed with black
bald velvet. The lining is a rich Per-
sian silk. The coat has a wide collar
and revers, and the cuffs come well up
over the arm.

Now We Have Jeweled Hosiery.

Now that the time for low street shoes is again drawing near, my lady is beginning to concern herself with the burning question of dainty stockings. Not that she ever fails to have a particular interest in this part of her apparel, but naturally the low shoe demands the prettiest effects in hosiery. Because her fashionably made low shoe admits of the wearing, and an occasional displaying too, of dainty stockings, the smartly gowned woman has clung to her low

over pale pink, and this was edged all around with the tiniest of silver spangles.

**NEW WAY TO MANAGE
HAUGHTY SERVANT GIRL.**

A clever woman has hit on a plan to increase docility, alacrity, and good cheer in her domestic staff. Far from being impractically successful, according to her own statement, "she has a treasure."

The plan she has adopted is a co-operative one. She consulted with her cook, her parlour maid, and her chambermaid, and well, and entered into an arrangement with her by which any surplus over the stipulated weekly allowance for her household expenses is to be divided equally between the two. It was thought that an allowance of \$2 a day for the family of five would be sufficient. But the actual disbursements often do not reach the allotted sum. Whatever less they are is scrupulously divided between the two. The cook gets thirty-five cents, the parlour maid thirty-five cents, and the chambermaid thirty-five cents. The next week is started with a careful management to eliminate the possibility of any surplus. The next week is started with a careful management to eliminate the possibility of any surplus. The next week is started with a careful management to eliminate the possibility of any surplus.

PERFUMES AGAIN IN FAVOR

**Odors Are More Delicate and Soul-Stirring
Than Ever Before.**

A pretty French actress has announced that she spends fully \$300 a year on perfume alone. She laughs at the idea that a woman can have any individuality or charm without her distinctive fragrance, heralding her presence, lingering in her hair, in her garments, her rooms, her carriage, her note paper. Her own favorite odor is made for her by a French chemist from a secret formula, and permeates her personality. It is repeated in every essence, and sachet, and soap and powder; for the bath, the skin and even in her nail polish it asserts itself delicately but unmistakably.

But the French women were always true to their perfumes, even during the reign of Louis XIV. when the fashion which followed the vulgar voyage of musk and patchouli, (twenty-five years ago) All the ladies of the court, and the aristocracy, their perfumes made by secret methods that perished with them. Great beauties of the court, and the aristocracy, and the vulgar classes some of them having the natural roses from their gardens crushed and mixed with their perfumes.

Anne of Austria had an odd fancy for vanilla as a scent. La Pompadour liked the perfume of the orange blossom mixed with her. The favorites of the court of Henry III. preferred a perfume called "the perfume of the East." The Egyptians revelled in perfumes. The East is still redolent of the old perfumes of the East. The perfume of the rose, musk and patchouli and frangipanni have been replaced by violet in farest of the East. The perfume of the sandalwood and cedar. Egyptian powders have been experimented with unthriftily. The perfume of the rose and the making of perfumery from flowers is not now confined to great queens, but is the business of the poor and the poor to produce any but the natural odors. It is the truth that turks in the East are still fond of the perfume of the

core of all real art that makes it perfect. Moderation, of course, marks the use of these expensive odors, the faint perfume which our crowded cities and stages, our heated shops and streets filled with gaseous malarial odors, is genuinely refreshing as the breath of a flower. Extracts are used most sparingly and never on the pocket and undergarments, which must take its delicate fragrance not from the tub of our wretched American laundresses, as the anti-perfume cranks would insist, but from the sack or bag in which it is placed with its companions on coming from the laundry maid.

Sachets in fact are the accepted fashion for modern and up-to-date perfumery. They are made of the most delicate forms and shape and sizes for use in everything worn by women. Gloves, lace, furs, dresses, shoes, hats, are placed in the sachets, and for those gowns there are delicate little pads sewn in the skirt and bodice. These pads are made of muslin and are filled plentifully spread with sachet powder. The effect of the sachet is entirely different from that of the perfume. The extracts, Toilet waters are more in favor than the latter, and the face and hair are highly perfumed, but the perfume to alcohol. They are added to the bath and give it tonic properties as well as making it delicious.

In fact, there are no more of these cheap and injurious preparations on the market than there have been. They are for the skin and the eyes. Those who make up my lavender and rose water at home may, perhaps, save most of the perfume and still repair the time that must be given to this sort of work, which requires the delicate perception of

The main fact about latter-day perfumery is that the only crime is to vary it. Many fashionable women have chosen a distinctive flower, which they always wear but there is no unwritten law against the varying of the blossom.

This blue corded silk princess in the most fascinating manner. It is simple
but most beautifully made, falling in graceful lines and folds at every movement.
The gown is Princess. The sleeves are very full from the elbow, the cuffs are
of lace, and the collar is a deep, elegant lace.

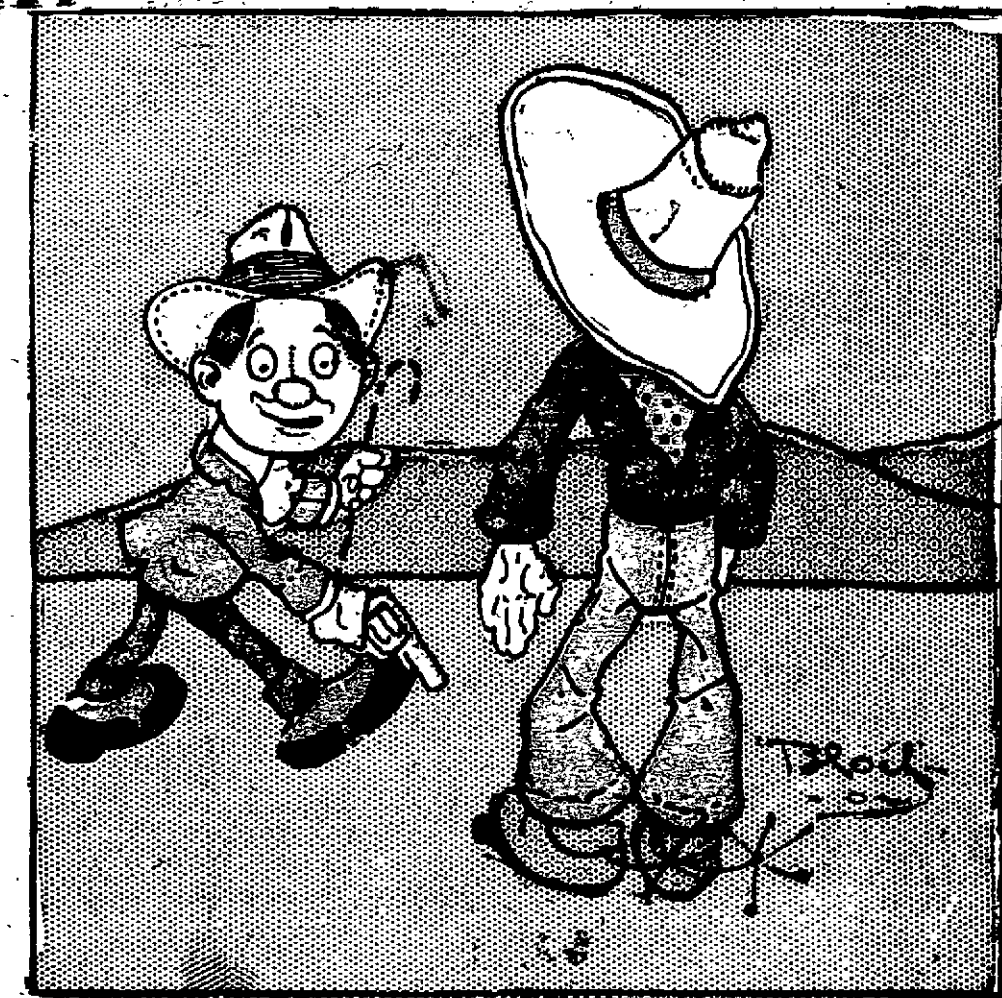

Cost of deep violet moire, trimmed with
Irish lace, worn over silk of lighter shade,
which has open flowers showing blue silk
lining. The muff is of two shades of
violet ribbon and the hat of plumes of
same shades of violet.

White canvas, with tulle around the top. The sleeves are full at the armholes and taper at the top. She wears a wide white collar and a wide white belt. The effect of Irish lace is very noticeable. The upper part of the skirt is made of tulle, which is attached to the bodice by a wide white band, which is finished with a deep hem-stitched several times.
